

# FLAT FITTINGS RFF

## Flat joiners for seamless channel alignment

RFF flat fittings bring two channels into a flush joint by maintaining alignment and continuity in modular support constructions.

### Material

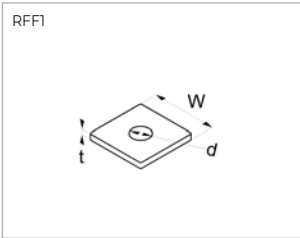

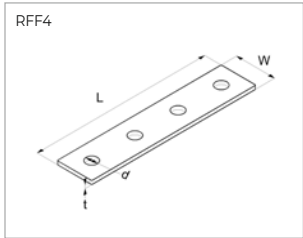

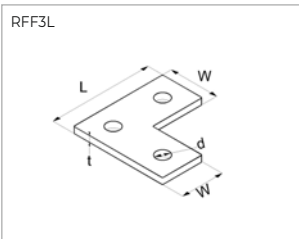

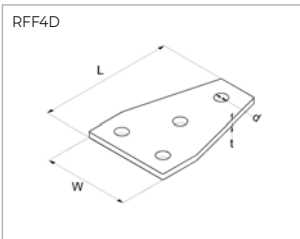

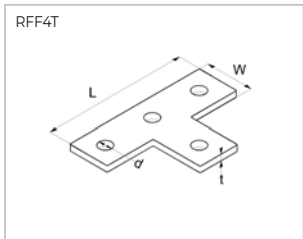

- Steel Grade-E250
- Coating- Electrogalvanized, Hot Dip Galvanized

### Key Features & Benefits

- Pre-punched design allows quick bolting to channels without drilling.
- Compatible with multiple channel profiles and support accessories.
- Provides rigid joints without the need for welding.
- Corrosion protection by Electrogalvanized, Hot Dip Galvanized finishes.

### Application

- Designed as a connecting element for joining channels in framing and support systems.
