

# HEAVY DUTY BRACKET RHXSB

## Robust corner connection for heavy load application

RHXBS heavy duty right angle fitting offers solid corner connections.

### Application

- Used to form rigid, 90 degree joints that carry significant weight and are subject to high forces.

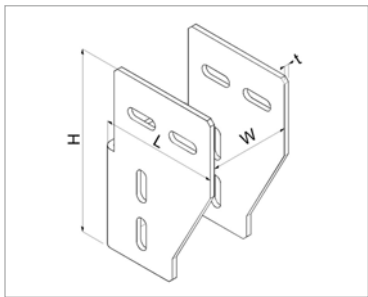

### Material

- Steel Grade-E250
- Coating – Hot Dip Galvanized

### Key Features & Benefits

- Ensures accurate alignment and stable connections between channels.
- Pre-punched holes allow quick fixing with bolts/ nuts without on-site drilling.  
Compatible with multiple channel profiles and support systems.
- Available in electrogalvanized and Hot Dip Galvanized finishes for long service life.
