

HEXAGONAL NUT RN

Nut for secure fastening of bolts and threaded rod assemblies

RN hexagonal nut is engineered to provide a secure, reliable, and mechanically robust connections in conjunction with the corresponding RHB bolt and RTR threaded rods.

Application

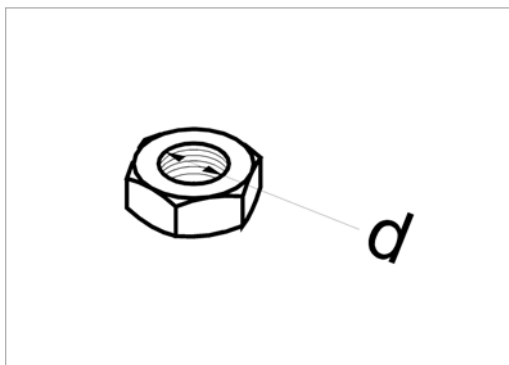

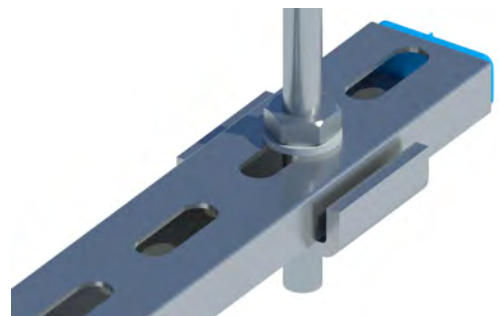

- Used in combination with bolts or threaded rods to securely fasten components.

Material

- Steel Grade-8.8 DIN 934
- Coating – Electrogalvanized / Zinc flaked

Key Features & Benefits

- Strong fastening performance ensures reliable and secure connections in various installations.
- Compatible with standard bolts and threaded rods, ensuring versatility across different systems.

Product Variants

Item No.	Description	Thread Size (mm)	Sales Unit (Pcs)
402101	HEXAGONAL NUT RN M6 GI	6	200
402102	HEXAGONAL NUT RN M8 GI	8	200
402103	HEXAGONAL NUT RN M10 GI	10	200
402104	HEXAGONAL NUT RN M12 GI	12	100
402105	HEXAGONAL NUT RN M16 GI	16	100
402106	HEXAGONAL NUT RN M20 GI	20	50
402107	HEXAGONAL NUT RN M24 GI	24	50
402122	HEXAGONAL NUT RN M6 HDG	6	200
402123	HEXAGONAL NUT RN M8 HDG	8	200
402124	HEXAGONAL NUT RN M10 HDG	10	200
402125	HEXAGONAL NUT RN M12 HDG	12	100
402126	HEXAGONAL NUT RN M16 HDG	16	100
402127	HEXAGONAL NUT RN M20 HDG	20	50
402128	HEXAGONAL NUT RN M24 HDG	24	50
